Barnsley Community and Voluntary Network (BCVN)
Meeting
18th February
09:30 – 12:30 (lunch provided)
The Core, County Way, Barnsley
S70 2JW

This meeting will look at the long term transport strategy for South Yorkshire

Consultation with the Voluntary and Community Sector

By April 2011 South Yorkshire must put in place a long term (15-20 years) strategy for transport. This is a government requirement, but more

importantly we need a strategy to help us prioritise the transport improvements we want to invest in and to make sure that these will bring greatest benefit for South Yorkshire and for local communities, organisations and individuals.

Transport is expensive and has long lead-in times so having a clear direction and priorities is essential. We are working with partners across South Yorkshire and seeking views from organisations and individuals to agree what these priorities should be.

This is an opportunity to discuss and shape future plans for transport in South Yorkshire.

NHS Barnsley 'Demanding the Best' Cancer Reform Strategy 2009-2014

Cancer has been identified as being a key priority for NHS Barnsley. One of the principle goals within the NHS Barnsley 5 year commissioning strategy is to focus on key programmes that will prevent early death and long term illness with a key initiative being 'Demanding the Best' Cancer Reform. A specific work programme has been developed to take forward plans in respect of cancer services.

The 'Demanding the Best' Cancer Reform Strategy 2009-2014 (December 2009) sets out the vision for the future provision of services, which reflect national policies and deliver our local aspirations for meeting the needs of our population and improving the experience of cancer provision from prevention through to end of life care. The Strategy has been shaped using feedback received from a Barnsley-wide Consultation exercise and the Strategy has been ratified by the NHS Barnsley Board in December 2009.

Our overall vision for cancer reform is to;

Reduce the gap in the number of cancer deaths in under 75 year olds between our most and least deprived areas, we will do this by having a comprehensive, proactive prevention focus, ensure awareness is raised about the risk factors and symptoms of cancer, ensure rapid access to diagnosis and timely, appropriate treatment and care is the norm.

There are six main themes to the way we intend to focus our activity:

Goal 1: Develop systems and processes to ensure World Class Commissioning of Cancer Services

Goal 2: Develop a systematic approach to cancer prevention utilising a wide array of tools such as social marketing to support cancer prevention

Goal 3: Promote early detection, screening and diagnosis, having impact on earlier presentation for screening, investigation and diagnosis

Goal 4: Implement effective treatment pathways, ensuring fast access to high quality cancer treatments, surgery, radiotherapy and drug treatments

Goal 5: Support and empower patients living with and beyond cancer

Goal 6: Improve the quality and choice of care locally for people approaching end of life.

I love Barnsley! **Show your love on Friday 12th February**

Barnsley has a one off opportunity to benefit from money to tackle LOCAL issues. South Yorkshire Community Foundation (SYCF) are calling on organisations in Barnsley to get behind the 'I Love Barnsley' campaign and to get involved with activities on the I Love Barnsley day which will take place on 12th February. 'I Love Barnsley' is about local people and organisations supporting local causes, by taking part in simple fundraising initiatives.

To encourage people to support LOCAL causes **every £1 raised in Barnsley gets matched by a £1 from the Government.** All money raised in Barnsley stays in Barnsley and is used by community and voluntary groups to tackle local issues. Groups led by volunteers are often best placed when it comes to dealing with local problems, because money is spent on addressing issues NOT on wages. These community and voluntary groups can often make a massive difference with a tiny amount of money.

SYCF has launched the 'I Love Barnsley' campaign and they have the support of the Barnsley Chronicle, Dearne FM, Barnsley Chamber of Commerce and members of One Barnsley which include the Council, the NHS and Voluntary Action Barnsley.

Voluntary Action Barnsley will be holding a fundraiser on

Friday 12th February at The Core at 12:30pm.

So why not drop in during your lunch hour and buy some food and take part in one of our quizzes! Every £1 you spend will be match funded!

Barnsley's Best Employer!

Following the success last year of the Best Apprentice and Best Mentor competitions, this award aims to promote the business or organisation that is providing the best opportunities for staff training and has a clear strategy to encourage and enable employee development.

Please do pass this email on to your staff and ensure that they are aware of the competition. If your company wins, then the employee who submitted it gets the £200 prize and you get valuable publicity and recognition for the investment you are making.

Volunteering Opportunities

Barnsley Riding for the Disabled would like to extend a warm welcome to anyone wishing to volunteer at weekends.

Volunteers are *a/ways* needed and for a variety of jobs, including: side walking with riders on horses, yard jobs such as mucking out or feeding the horses, the list goes on...

No-one should feel put off because they don't have experience with horses, as full training would be given by our experienced yard manager, Catherine Mitchell.

All that is needed is a few hours of your time at a weekend on a regular basis, that could be weekly, fortnightly, or monthly and could consist of something as simple as a 2, 3 or 4 hour block.

If you would like to do something amazing for Barnsley, be a volunteer. It doesn't take much.

Social Enterprise in Action

Action for Blind People is set to work with social enterprises throughout Yorkshire and the Humber to offer work experience placements to blind and partially sighted people looking for employment.

Thanks to funding by the National Lottery through Big Lottery Fund, Action for Blind People has developed a Social Enterprise and Employment Development (SEED) Project dedicated to finding placements within social enterprises.

The host social enterprises will be offered a full package of support tailored to their needs, including advice on Health and Safety issues, access to specialist adapted equipment and Visual Awareness training. The majority of work placements will last between one day and two weeks and could provide a perfect lead-in 'working interview' for the DWP's Future Jobs Fund six month placements.

The aim of the SEED project is to open the eyes of employers to the abilities of blind and partially sighted people within the workplace. 81% of employers rated the performance of disabled employees as 'the same or higher' than non disabled people. If this is the case then why is it estimated that 66% of blind and partially sighted people of working age in the UK remain unemployed. Through the SEED Project, with the support of social enterprises, blind and partially sighted people could develop the skills and confidence they need to progress into employment.

Alistair Ponton the Managing Director of Viewpoint CIC, a Yorkshire based social enterprise, said: "The team we have recruited through Action have been enormously beneficial to Viewpoint. Their customer service and IT skills have pushed the boundaries of what services our business can offer and their attitude to helping Viewpoint succeed has reinvigorated our entire staff team."

If you would like more information about the SEED Project or becoming a host social enterprise, please contact the SEED team on 0113 386 2800, email kerry.chase@actionforblindpeople.org.uk or visit www.actionforblindpeople.org.uk
